### Reading

We hear your child read twice a week. Once individually and once through Guided reading. When we individually hear your child read we also check the key words they have been practising reading and spelling at home. If they get all/most correct then new words are issued. Books are changed on a Monday and when we hear them individually read if required. Hearing your child read a few pages each night really does benefit them and we strongly recommend this. **Please read the books three times, this allows for decoding practise, developing fluency and understanding of the story.**
